“A Day in the Life At Canadian Blood Services”

An informal and casual overview of what actually happens at BC & Y CBS as part of our daily operations. Topics include, the donation process, who is eligible, product production, product testing, product distribution followed by some provincial statistics on blood distribution and utilization. Time permitting we may discuss some of the national CBS initiatives.

There is a scheduled CBR tour arranged for Tuesday March 6 for those interested in visiting the Oak Street location. There will be a sign up sheet available at the seminar or you can email Brandy, brandyjones@exchange.ubc.ca to RSVP.

This Seminar is sponsored by:

Host: Dr. Ed Conway, CBR Director, Professor of Medicine, UBC

a place of mind

Refreshments will be served 10 minutes before the seminar
Seminar information: 604 822 7407
